

## Capabilities Statement

**Company Overview:** add1Technologies, LLC is a dynamic GIS, IT, and Business Process Improvement Consultancy firm dedicated to providing innovative solutions tailored to meet the unique needs of our clients. Established in October 2017, our commitment to excellence and client satisfaction has been the driving force behind our success.

**Core Competencies:** At add1Technologies, we specialize in leveraging Geographic Information Systems (GIS), cutting-edge Information Technology solutions, and Business Process Improvement strategies to empower organizations across various industries. Our expertise includes:

- **GIS Solutions:** Harnessing the power of spatial data to drive informed decision-making, optimize resource allocation, and enhance operational efficiency.
- **IT Consulting:** Delivering comprehensive IT solutions, including software development, mobile and web application development, and cloud computing services.
- **Business Process Improvement:** Streamlining workflows, enhancing productivity, and maximizing ROI through process analysis, integration and optimization, and automation.

**Differentiators:** What sets add1Technologies apart is our relentless pursuit of innovation and our unwavering commitment to exceeding client expectations. Our technical expertise combined with our creative problem-solving skills deliver tailor-made solutions that address even the most complex challenges. We pride ourselves on our ability to adapt to evolving technologies and industry trends, ensuring that our clients remain at the forefront of innovation.

**Past Performance:** add1Technologies has a proven track record of success, having worked with numerous organizations to drive transformative change and achieve measurable results. Our portfolio includes successful projects in sectors such as government, utilities, oil and gas, entertainment, HVAC, and more. We have consistently delivered high-quality solutions that enhance operational efficiency, improve decision-making processes, and drive sustainable growth.

**Certifications and Qualifications:**

- Certified Scrum Master (CSM) - Certificate ID: 001266133
